

Child Life Practicum Student Application

Beverly Knight Olson Children's Hospital, Navicent Health
777 Hemlock St.
MSC 38
Macon, GA 31201

If you are interested in applying for either the **Fall or Spring** Child Life Practicum clinical experience, you need to email your application to: mcgraw.megan@navicenthealth.org

Application Deadlines:

Fall application- Due by March 15th

Spring application- Due by September 5th

This practicum clinical experience is designed to familiarize students with the child life profession and as an introductory experience for individuals pursuing a career in child life. Through experiential learning and observation/shadowing of child life specialists, students will begin to increase their knowledge of basic child life skills related to play, developmental assessment, and integration of child life theory into interventions with infants, children, youth and families. Through these experiences, child life practicum students will enhance their knowledge of the child life profession and investigate the process of applying child life and developmental knowledge into practice. (Adapted from the *Child Life Council: Practicum Students*).

To be eligible to apply for the Beverly Knight Olson Children's Hospital, Navicent Health **100** Hour Child Life Practicum clinical experience, you must have a 3.0 in your major classes and be enrolled in an accredited University. The Child Life Practicum is designed as a pre-internship experience for individuals interested in pursuing a child life internship and a career as a certified child life specialist. It is strongly suggested that you have 30 volunteer hours working with children **in a hospital setting** prior to beginning your practicum clinical hours. Your experiences with children, in and out of the hospital, will be evaluated in the selection process. Practicum placements are unpaid and do not guarantee future employment. Housing, transportation, parking expenses, meals, and medical insurance are the responsibility of the student. Accepted practicum students are encouraged to seek future internship placement at other facilities to broaden perspectives and diversify experience. Once all applications are received, candidate will be contacted in regards to the potential of an interview. Unfortunately, the submission of an application does not guarantee placement at Beverly Knight Olson Children's Hospital, Navicent Health.

Instructions: Please submit the following to the above email address:

- a) Application with answers to questions
- b) Excel file with grades in major courses
- c) Chart with all relevant volunteer experiences, including site, dates, and hours
- d) Unofficial transcript
- e) 2 Letters of reference (one from a professor and one from someone who has observed you work with children)
